How We're Different

The short term game is not new to us.

Decades of experience running hotels, since well before AirBnB.

No intention to manage hundreds of properties, so we can continue to provide the **personalized attention our clients deserve.**

We're data nerds. We really enjoy digging into and tracking metrics to maximize performance.

We actually love what we do.

What does this data mean: Above we are showing properties that perform at various percentiles. A 50th percentile mean that 50% of properties perform worse and 50% of properties perform better. A 60th percentile means 60% of properties perform worst. Importantly, what the data also shows is that **properties managed well enough to be at the 95th percentile do more than twice as well as properties at the 50th percentile.**

How To Set Up Vacation Rentals For Success

Pick your target audience

1

Who are you trying to attract? i.e.: couples for a romantic getaway, small family travelers, adventure seekers, luxury travelers, wine enthusiasts, etc

Design and furnish the home

2

Work with a professional designer who is well-versed in vacation rentals to curate and amenitize the house to attract our target audience and stand out from the crowd

Lifestyle photos

3

Obtain high quality, professionally staged photos that set the scene and showcase the amazing guest experience for your target audience

Deliver an amazing guest experience

4

Build rapport with guests from the moment they book all the way through post-stay follow-up; provide personalized recommendations, guidebook, & quick responses to ensure they feel well taken care of

Build amazing reviews

5

Reviews increase our ranking on Airbnb & VRBO. Both the rating *and* the # of reviews matter. Vinifera collects reviews from 70-80% of guests (vs the industry average of 10-15%)

Strategic, dynamic pricing

6

As we build reviews, we ramp up the property's performance over 12-18 months via constant optimization on pricing and ranking
